

Statement regarding harassment and discriminatory behavior:

The Omohundro Institute (OI) expects all participants at any OI event will be treated in a non-discriminatory manner at all times. The OI is sponsored by and housed on the campus of William & Mary, itself an institution under the aegis of the Commonwealth of Virginia. All OI staff members adhere to the codes of conduct of William & Mary and the Commonwealth of Virginia, including policies regarding harassment and non-discrimination regardless of where an OI event takes place. When co-hosting events at venues not on the campus of our sponsor, William & Mary, the OI expects staff and members of the co-hosting institution to follow the policies mandated by their own institution.

W&M's policies:
